Re: Rent Comparability Study
Crossroads of East Ravenswood
1614 West Wilson Avenue
Chicago, IL 60640
Section 8 Contract #: IL060048014

Dear Ms. Beatty:

In accordance with your request, I am pleased to submit this *Rent Comparability Study* for the “Crossroads of East Ravenswood” apartment development located at 1614 West Wilson Avenue, in the City of Chicago, Cook County, Illinois. The property consists of an existing apartment community featuring 124 apartment units, all of which are Section 8 units. There is a total of five, three-to-four-story walk-up buildings that were constructed between 1903 and 1924 and renovated in 2015. While the property utilizes the common street address of 1614 West Wilson Avenue, which is the location of the management office, it is noted that the property consists of six parcels identified as 1601 West Wilson Avenue and 4349, 4424, 4436, 4440, & 4600 North Ashland Avenue, per assessment records. The property identified as 4424 North Ashland Avenue is improved as a parking lot while the other five parcels are each improved with one of the five apartment buildings.

The development is a family-oriented property with no age or special population restrictions besides the income restrictions. Our most recent inspection of the property and market area occurred on March 30, 2026. For purposes of this report, the identified property is referred to as the “subject property.” No renovation work is planned and we have therefore analyzed the property only on an “As Is” basis.

Based on the analysis conducted herein, our **Estimates of Market Rent** are below.

Estimates of Market Rent - "As Is"					
Unit Type	# Units	Avg. Unit Size (SF)	Market Rent (\$/Mo.)	Market Rent (\$/SF/Mo.)	Prepared Grid? (Y/N)
1 BR / 1 BA	31	818	\$1,870	\$2.29	Y
2 BR / 1 BA	66	927	\$2,305	\$2.49	Y
3 BR / 2 BA	21	928	\$2,815	\$3.03	Y
4 BR / 2 BA	6	1,188	\$3,150	\$2.65	Y

Nature of the Assignment

Cornerstone Valuation Services has been engaged to provide a *Rent Comparability Study* for the subject property. The primary *purpose* of this report is to provide opinions of market rent for the subject units, effective as of March 30, 2026 (the date coinciding with my most recent inspection of the subject property and market area) on an “As Is” basis.

Rent Comparability Studies (RCS) are required on HUD-financed properties and are needed for those projects renewing their Section 8 contracts for one year or multiple years, or for projects not currently covered under a HAP Contract that are proposed to be covered, or partially covered, under a HAP Contract. Market rent is the rent that a knowledgeable tenant would most probably pay for the units as of the effective date of this report if the tenants were not receiving rental subsidies and rents were not restricted by HUD or other government agencies.

I understand that HUD/the Section 8 Contract Administrator (CA) and the project owner will use the opinions of market rents to determine: 1) the owner's options for renewing the project's Section 8 contracts; 2) the maximum rents allowed under any renewal contract, and/or 3) the reasonableness of the current contract rents.

Report Standards and Reporting Guidelines

The RCS was prepared in accordance with the Uniform Standards of Professional Appraisal Practice (USPAP) and the requirements in Chapter Nine of HUD's Section 8 Renewal Guide. Market Rents were defined and estimated in accordance with Sections 9-8 through 9-13 and Appendix 9-1-2 of the Chapter Nine guidance.

Limitations of Use and Applicability of Conclusions

The accompanying report, of which this letter is a part, describes the site, building improvements, pertinent data considered, and discusses the methods of appraisal used in reaching our conclusions. Neither the report, the materials submitted, nor our firm name may be used in any prospectus or printed materials prepared in connection with the sale of securities of participation interests to the public. Due to the nature of real estate investments and the variety of economic factors that influence value, the conclusion(s) presented in this report is/are valid only for the effective date(s) stated herein.

Threshold Test

As required by Section 9-14 of the Chapter Nine guidance, we compared the subject's gross rent potential calculation with 150% of the Small Area FMR ("SAFMR") gross rent for the property zip code (60640) as published annually by the Department. Shown in the tables below are the Gross Rent Potential Calculations for the subject property, as well as the 150% SAFMR calculations. As shown, the subject's gross potential monthly rent of \$297,773 is less than 150% of the SAFMR gross rent potential of \$446,670. The RCS does NOT exceed the mandatory market rent threshold.

Gross Rent Potential Calculation - "As Is"					
Unit Type	# of Units	Concluded Rent (Net)	Utility Allowance	Gross Rent	Monthly Rent
1 BR / 1 BA	31	\$1,870	\$61	\$1,931	\$59,861
2 BR / 1 BA	66	\$2,305	\$76	\$2,381	\$157,146
3 BR / 2 BA	21	\$2,815	\$103	\$2,918	\$61,278
4 BR / 2 BA	6	\$3,150	\$98	\$3,248	\$19,488
Total					\$297,773

**Utility Allowances From Rent Schedule.*

SAFMR Gross Rent Potential Calculation (60640)			
Unit Type	# of Units	Gross Rent	Monthly Rent
1 BR / 1 BA	31	\$2,040	\$63,240
2 BR / 1 BA	66	\$2,300	\$151,800
3 BR / 2 BA	21	\$2,960	\$62,160
4 BR / 2 BA	6	\$3,430	\$20,580
Total Gross SAFMR Rent			\$297,780
150% of SAFMR Gross Rent			\$446,670
Subject's Concluded Gross Rent - "As Is"			\$297,773

Page Three

The subject's rent conclusions appear reasonable based on the available market data and the comparables. In addition, the concluded rents are bracketed by the adjusted rents reflected by the comparables, indicating that the rents are achievable and supportable within the market and with respect to rent levels at competing properties.

I have enjoyed serving you in this matter.

Sincerely,

Kyle L. Bjerke, Partner
Illinois Certified General Appraiser No. 553.003053

Scope of Work

This Rent Comparability Study was completed in accordance with the requirements set forth in Chapter Nine of HUD's Section 8 Renewal Guide. Kyle L. Bjerke, a partner at Cornerstone Valuation Services and a State Certified General Appraiser (Temporary Practice Permit), performed all research and completed the RCS. The following actions were taken to complete this RCS.

- On March 30, 2026, Kyle L. Bjerke inspected the subject property (interior and exterior), the market area, and exteriors of the comparable properties utilized herein. At least one of each unit type was inspected. Units inspected include 4444-1N (1 BR unit); 4351-B1 (2 BR unit); 4446-2E (3 BR unit); and 4442-1E (4 BR unit).
- During the subject property inspection, Kyle L. Bjerke was accompanied by three of the property's maintenance technicians. Subject property information was provided primarily by the property manager, Ms. Laurea Lopez (773-271-1182) and Ms. Claire Beatty of Related Affordable (212-419-8600). Interviews were conducted to determine the property's amenities, finishes, utility structure, construction materials, and other pertinent property information. Unit sizes were provided by property representatives and were determined to be reasonably accurate based on observations made during our inspection.
- Kyle L. Bjerke researched comparable apartment rental activity in the market area. The research included gathering data from internet sites and rental publications, public data, owners and managers of local apartment properties, local real estate brokers, fellow appraisers, and/or files of Cornerstone Valuation Services, as needed.
- Exterior inspections of all comparable properties utilized herein were conducted on March 30, 2026.
- Phone conversations were attempted to be held with property managers for all comparable properties utilized. Some managers were willing to disclose the requested data while some data was gathered from property websites and other credible sources to confirm all data and to collect additional information about each comparable, including size, age, amenities, occupancy rates, and other general information.
- Kyle L. Bjerke completed the data & adjustment columns of the Rent Comparability Grids using the instructions in Appendix 9-1 of Chapter Nine.
- Kyle L. Bjerke was fully qualified at the time of engagement to perform the services provided. No additional steps were needed after this date to satisfy the Competency Rule under USPAP. Please refer to the appraiser qualifications that are included within the **Appendix**.

Line 28 Pool / Recreation Areas. The subject does not have any Line 28 amenities, nor do any comparable rentals except The Edison, which has a fitness center and a game room and was adjusted downward \$20 per month.

Line 29 Business Center / Neighborhood Network. Neither the subject nor any comparable rentals feature a business center. No adjustments are required.

Line 30. Service Coordination. Neither the subject nor any comparable rentals feature a service coordinator. No adjustments are required.

Line 31. Non-Shelter Services. Neither the subject nor any comparable rentals offer any non-shelter services, negating the need for adjustments.

Line 32. Neighborhood Networks. Neither the subject nor any of the comparable rentals feature any HUD-sponsored neighborhood networks. No adjustments are required.

Lines 33, 34, 35, 36, 37, 38, & 39 - Utilities. At the subject, tenants are only responsible for electricity while all other utilities are included in the rent. In addition to electricity, the comparable rentals each require the tenants to be responsible for heat, cooking gas, and water heating fuel (gas), while tenants at 1338 W Argyle, Park Shores, and The Edison are also responsible for cold water, sewer, and trash removal. The adjustments were derived from the Utility Allowance Schedule included earlier.

Line 46. Estimate of Market Rent. The comparable rentals produced an average adjusted rent of \$1,885 per month and a median adjusted rent of \$1,856 per month, while the adjusted range was from \$1,730 per month to \$2,134 per month.

<i>Rent Comparability Grid</i>		<i>Unit Type</i> →		1 BR		<i>Subject's FHA #:</i>		N/A	
	<i>Subject</i>	<i>Comp #1</i>	<i>Comp #2</i>	<i>Comp #3</i>	<i>Comp #4</i>	<i>Comp #5</i>			
	Crossroads of East Ravenswood	1338 W Argyle	1443-1451 W Balmoral Ave	Maynard at 5051 N Kenmore	Park Shores	The Edison			
	1614 West Wilson Avenue	1338 West Argyle Street	1443-1451 W Balmoral Ave	5051 N Kenmore Ave	4304 North Sheridan Road	5200 North Sheridan Road			
	Chicago / Cook County	Chicago / Cook	Chicago / Cook	Chicago / Cook	Chicago / Cook	Chicago / Cook			
		Net	Gross	Net	Gross	Net	Gross	Net	Gross
43	Net/ Gross Adjmts B to E	\$287	\$307	(\$61)	\$309	\$207	\$497	\$142	\$142
								(\$8)	\$422
G.	Adjusted & Market Rents	Adj. Rent	Adj. Rent	Adj. Rent	Adj. Rent	Adj. Rent			
44	Adjusted Rent (5+ 43)	\$1,937		\$2,134		\$1,730		\$1,767	
45	Adj Rent/Last rent		117%		97%		114%		109%
46	Estimated Market Rent	\$1,870	\$2.29 ←	Estimated Market Rent/ Sq. Ft					

While The Edison is the only elevator-served property, the adjusted rent of \$1,856 per month was similar to the central tendency of the entire data set. Based on the foregoing, we conclude to a market rent of **\$1,870 per month** for this unit type. This is a point between the average and median adjusted rents, which reduces the impact of any outliers while still giving consideration to all five comparable rentals.

Line 28 Pool / Recreation Areas. The subject does not have any Line 28 amenities, nor do any comparable rentals except The Edison, which has a fitness center and a game room and was adjusted downward \$20 per month.

Line 29 Business Center / Neighborhood Network. Neither the subject nor any comparable rentals feature a business center. No adjustments are required.

Line 30. Service Coordination. Neither the subject nor any comparable rentals feature a service coordinator. No adjustments are required.

Line 31. Non-Shelter Services. Neither the subject nor any comparable rentals offer any non-shelter services, negating the need for adjustments.

Line 32. Neighborhood Networks. Neither the subject nor any of the comparable rentals feature any HUD-sponsored neighborhood networks. No adjustments are required.

Lines 33, 34, 35, 36, 37, 38, & 39 - Utilities. At the subject, tenants are only responsible for electricity while all other utilities are included in the rent. In addition to electricity, the comparable rentals each require the tenants to be responsible for heat, cooking gas, and water heating fuel (gas), while tenants at 1338 W Argyle, Park Shores, and The Edison are also responsible for cold water, sewer, and trash removal. The adjustments were derived from the Utility Allowance Schedule included earlier.

Line 46. Estimate of Market Rent. The comparable rentals produced an average adjusted rent of \$2,325 per month and a median adjusted rent of \$2,285 per month, while the adjusted range was from \$2,024 per month to \$2,693 per month.
