Market Rental Analysis

Fairview Homes (Section 8 Project Number: NJ390013022)
86 17th Avenue,
Newark, Essex County, New Jersey 07103

Block/Lot Number: 2547/1

Dear Mr. Silber:

The purpose of the study was to estimate the market rents for units that will be assisted under the renewed Section 8 contract. Market rent is the rent that a knowledgeable tenant would most probably pay for the Section 8 units as of the date of this report, if the tenants were not receiving rental subsidies and rents were not restricted by HUD or other government agencies. The following table lists the market rent I concluded for each Section 8-unit type.

As Is

The RCS was prepared in accordance with the Uniform Standards of Professional Appraisal Practice (USPAP) and the requirements in Chapter Nine of HUD's Section 8 Renewal Guide. Market Rents were defined and estimated in accordance with the guidance in Sections 9-8 through 9-13 and Appendix 9-1-2 of Chapter Nine of HUD's Section 8 Renewal Guide, and RCS report was prepared in accordance with the guidance in Chapter Nine. I understand that HUD/the Section 8 Contract Administrator (CA) and the project owner will use my estimate of market rents to determine: 1) the owner's options for renewing the project's Section 8 contracts; and 2) the maximum rents allowed under any renewal contract.
