

How the form and database work together

Renewal Package Builder · HUD Section 8 (RCS) — one property (Gates Manor) shown end to end

drafts only · nothing auto-submitted

Property database

Persistent record — one per property

- Identifiers & entity
- Contacts · signatories · sender
- Rents & prior schedule
- Unit mix — Part A + non-rev (Part D)
- Equipment · utilities · services (Part B)
- Stored assets — letterhead, prior schedules

Standalone → Navigator 2.0

Source documents — this cycle

2 uploads · AI parses only the bare minimum

RCS report (PDF)

→ proposed rents · appraiser · SAFMR · UA (backup)

Prior executed rent schedule — 92458

→ current rents · UA · unit mix · Part B · Part D

org key via backend proxy · manual entry supported
mismatches flagged for the manager

The form — Renewal Package Builder

Fields pre-fill from the database + the two uploads, then the property manager confirms.

FROM DATABASE

Gates Manor · Ms. Heather Gross · David Pearson, VP

ENTERED THIS CYCLE

Proposed rent \$2,725 · submission date

OVERRIDDEN

CA address edited

AUTO-CALCULATED

Salutation · gross rent · GPR

3 Manager reviews · confirms · overrides any value

each field shows its source · UA: exec RS vs RCS · SAFMR: HUD

confirmed values

Internal affordability check

Gross rents vs the 150% SAFMR ceiling
(SAFMR from HUD dataset · RCS matches)

Gates Manor: \$140,658 < \$178,245 → PASS

RCS analysis workbook — internal only, never submitted

5 on PASS → generate

Generate package — review-ready drafts

- 1 Related letterhead cover letter
- 2 Owner cover letter (certifications)
- 3 Owner's checklist (Appendix 9-2-2)
- 4 RCS report
- 5 Draft rent schedule (HUD-92458)
- 6 Tenant notice

Drafts for review — nothing is auto-submitted

Update database — confirmed values written back, stamped today → pre-fills next cycle
